

A wide-angle photograph of a winter landscape. The foreground is filled with snow-covered ground and several bare, dark trees. In the middle ground, there are rolling hills covered in snow, with some evergreen trees scattered across them. In the background, more hills rise under a vast sky filled with soft, white clouds. The sky transitions from a pale blue near the horizon to a deeper blue at the top. The overall mood is serene and peaceful.

Geliebtes Wesen,
